WASHINGTON, April 30.—A joint resolution proposing repeal of resolution by congress declaring a state of war with Germany and Austria-Hungary was reported today by the senate foreign relations committee by a strict party vote.

Introduced by Senator Knox, republican, as a substitute for the republican resolution recently passed by the house, the measure was formally presented to the senate late in the day by Senator Lodge, the republican leader, with the announcement by Senator Knox that he would open debate on it Wednesday.

Leaders of both parties predicted several weeks of discussion with little prospect for action until near the time set for a recess for national conventions. In some quarters the opinion was expressed that President Wilson, in the midst of the debate, might return the treaty of Versailles to the senate.

Democrats Oppose

Virtually solid democratic opposition to the senate resolution was predicted by leaders of the party. Senator McCumber, republican member of the foreign relations committee, who did not attend the meeting, said he and probably other republicans would oppose it. The vote on the Knox resolution was 9 to 4.

The resolution, which was introduced by Senator Knox, was designed to meet objections raised in the house that a first step in declaring the war ended by the power of congress and not by the president.

The resolution also was designed to meet objections raised in the house that a first step in declaring the war ended by the power of congress and not by the president.

CHIHUAHUA CITY
HELD BY REBELS

Revolutionists in Control of Northern Mexican Town.

TELLS CARRANZA PLOT

Former Consul Reveals Purpose of Carranza to Expel All Americans.

MORE TROOPS DESERTING

Federal Army Goes Over to Insurgents Before Reinforcements Arrive.

AGUA PRIETA, Sonora, April 30.

Chihuahua City, capital of the state of the same name, is definitely in the hands of the revolutionists. It was announced by General P. Elias Calles tonight. Chihuahua City is one of the largest cities in northern Mexico. It has a population of approximately 40,000.

General Ignacio Enrique, candidate for governor of Chihuahua, according to General Calles, was at Santa Ysabel with 1,500 state militia marching toward Chihuahua to reinforce General Eugenio Martinez and Colonel Francisco del Arco, former federal commander, who deserted with their troops.

Telegraphic communication was established between Chihuahua City, Santa Ysabel, Hermosillo, capital of Sonora, and military headquarters here shortly before 7 o'clock tonight. General Calles said he was in direct communication with General Enrique.

The revolutionists control virtually all northern Chihuahua, it was said, with the exception of the town of Santa Ysabel. General Calles said that the revolutionists were concentrating for three weeks for an attempt to invade Sonora and wrest the state from the revolutionary government.

The revolutionists claim they have between 6,000 and 7,000 troops under their command in Chihuahua. They include infantry, cavalry, "deserters," and "home guards." When news of the Chihuahua victory was known by the federal government, the streets here and cries of "viva" and "viva" were heard. The revolutionists are now in control of the city.

WASHINGTON, April 30.—W. W. Canada, American consul at Vera Cruz 20 years, told the senate today that Luis Cabrera, finance minister in Carranza's cabinet, had announced that Carranza would not accept the return of the state.

HIGH-JACKER ROBS OIL MAN

Gets \$50 and Misses \$300 in Searching for J. N. Thompson Near Beggs.

J. N. Thompson, prominent local oil man, was held up and robbed about 3 o'clock Thursday afternoon near Beggs by a lone unmasked highwayman. Mr. Thompson was riding over one of his leases near Beggs. The man stepped out and brandished a gun, ordered Thompson to dismount. He then searched Thompson and marched him about 100 yards down the road. Thompson was told that the man got about \$300 in money was overlooked in an inside pocket. The marauder has not been apprehended as yet.

Wootton Is Cleared in
Bisbee Kidnaping Case

TOMSTONE, Ariz., April 30.—Harry E. Wootton, charged with kidnaping in connection with the Bisbee deportations of 1917, was acquitted by a jury here tonight.

The papers state that the petitioner, Senator Johnson, has reason to believe that there were errors by election boards in several counties in receiving and rejecting and counting votes to an extent sufficient to change the result of the election.

The statement reiterates the position of the league as regards Governor James Cox of Ohio and the league people who just at this time are very much disappointed.

Commenting on Governor Lowden, the statement says he was opposed for election as governor by many of the prohibitionists of Illinois, but since his election as governor "he has been eminently friendly to the prohibition law."

Knox Is Penrose's
Selection to Head
Republican Ticket

SEN. PHILANDER C. KNOX.

PHILADELPHIA, April 30.—United States Senator Knox, who is canvassing at his home here after a long illness, told today that United States Senator Penrose, of Pennsylvania, had selected him to head the republican ticket for governor of Pennsylvania.

In view of the fact that the republican organization of Pennsylvania was expected to support Governor Spraul of Pennsylvania as first choice, Senator Penrose's statement to newspaper reporters was received in political circles with much interest.

"My own personal opinion, after considerable reflection without consulting the principal party officers and without knowledge of the requirements of the situation," he said.

Governor Spraul later made a statement to the effect that he agreed with Senator Penrose. The governor said the friendship between Senator Knox and Senator Hiram Johnson of California has aided in turning attention to Senator Knox's availability. "Close observers," said Governor Spraul, "are of the opinion that much of the unexpected strength shown by Senator Knox is due to his position as a citizen and soldier."

WOOD GETS 16 VOTES

Will Control Jersey Delegation—Planned Lead of General on Complete Returns Is 1,092

NEWARK, N. J., April 30.—More complete returns received from Tuesday's primary election in New Jersey apparently confirm indications that Maj. Gen. Leonard Wood would command 16 of the state's 28 delegates to the republican convention in Chicago, unless revised official figures or a recount should upset present totals. Complete returns for the presidential election were not available until after the primary.

The vote was: Wood 52,427, and Johnson 51,405.

If Wood holds his lead, he would have all members of the "big four," the two who entered the race with the understanding that they would support the presidential candidate indicated as the choice of the republicans.

In addition almost complete returns for district delegates indicate that Wood will have 12, Johnson nine, and the three will go to the convention unopposed.

Harry Kalisch, attorney for Senator Johnson, tonight made application to Chief Justice Gummere of the New Jersey supreme court for a recount of the election as governor.

The papers state that the petitioner, Senator Johnson, has reason to believe that there were errors by election boards in several counties in receiving and rejecting and counting votes to an extent sufficient to change the result of the election.

SOLDIERS' RELIEF
BILL IS HELD UP

Republican Caucus Is Unable to Agree at Stormy Session.

WRANGLE FOR 4 HOURS

"Insurgents" Oppose Sales Levy and Members Unable to Agree on Plans.

MEASURE FINALLY DRAFTED

Ways and Means Committee Finishes Bill Which Is Submitted at Conference.

WASHINGTON, April 30.—After a four-hour wrangle the house republicans tonight abandoned plans for passing the soldier relief legislation next Monday and adjourned their party conference at midnight without setting a date for action.

Wide difference of opinion developed in the conference, the opposition centering principally against a sales tax to raise part of the \$1,800,000 needed for carrying out provisions of the bill. Representative Mondell, the floor leader, announced that another party conference would be held late next week, the exact date to be fixed by Representative Towne, Iowa, conference chairman.

Meanwhile efforts will be made to reach compromise, but leaders admitted that the sales tax had to be eliminated. Both the opponents of the sales tax and opponents of any relief legislation felt jubilant over the result of the conference. The former claimed they had succeeded in killing the sales tax, while the latter asserted they did not believe any relief measure could be passed at this session.

Chairman Fordney of the ways and means committee that framed the bill in closing the conference with a vehement speech, declared some members were "getting cold feet" and that anyone unwilling to pass a bonus was a "coward."

The bill was finally completed today by a majority of the republican members of the house ways and means committee.

Five optional plans for payment of \$1,800,000 were proposed. Adjusted service pay at \$1.25 for each day's service in excess of 90 days between April 1, 1917 and Jan. 1, 1920.

Extension of vocational training at \$1.75 for each day's attendance on a course of instruction declared suitable by the federal board for vocational education.

Purchase or improvements of city or suburban homes with compensation at the rate of \$1.75 for each day's service.

Issuance of paid-up insurance at the rate of \$1.75 for each day's service. Such insurance will be payable 20 years after issued, or in case of death, loans could be obtained at any time after two years.

Establishment of a "national veterans' settlement board" composed of the secretary of the interior and four members to be appointed by the president, at least three of whom shall be former service men, which would be authorized to make loans to service men not exceeding \$1,000 for the reclamation and development of farm lands.

Revenue to pay the compensation for which it is estimated \$1,800,000,000 will be required, would be raised by four plans, as follows:

Increased sales tax of 1 per cent on incomes between \$5,000 and \$10,000; 2 per cent on incomes between \$10,000 and \$25,000; and 3 per cent on incomes above \$25,000.

One per cent on retail sales to be paid by those making the sale and to apply in the case of all sales, contracts and leases, whenever made.

Tax on stocks and bonds, sales of transfers at one-fifth of one per cent on the market value. Tax on produce exchange transactions at the rate of 1 per cent of 25 cents for each \$100 of the total amount of sales or contract to sell land, tenements or taxes on various brands of cigars, tobacco and manufactured products varying from 15 per cent to 45 per cent depending on the grade, and a tax of \$1 per 1,000 on cigars.

Fees imposed under the bill would become effective Dec. 1, 1920.

'Bluebeard' to Get Life
Term on Murder Charge

James B. Huirt Admits Killing Two "Wives"—Agrees to Plead Guilty and Take Sentence for Life—Native of Tennessee—Reveals Past Adventures—Married at Least Fifteen Women, He Says

LOS ANGELES, April 30.—Officers checking up the alleged confession of W. A. Watson, alias James R. Huirt, in which he was pictured as a modern Bluebeard, have failed to find the body of Nina Lee Delony, one of the women Watson is alleged to have married, and slain, at the spot in San Diego county, indicated by Watson.

That information was contained in a message received tonight from a party headed by Thomas Lee Woolwine, district attorney, which left here late last night after obtaining from Watson the purported confession to the slaying of Mrs. Delony and the deaths of other "wives."

The murder charge, according to the district attorney's office, will be based on the alleged confession of Huirt that he killed Nina Lee Delony, one of his "wives" in Los Angeles county, and afterwards concealed her body in the mountains of Imperial county, to which he carried it, wrapped in blankets in his automobile.

Have Enough Evidence. After Huirt had finished his statement, the district attorney, deputy sheriffs and other investigators left for the place where Huirt said he had hidden Mrs. Delony's body. The trip will require two days, but enough evidence, even without the finding of the body of Mrs. Delony, or the admission of the alleged confession, is already available to support a murder charge, the officers said.

The murder charge will be brought against the man under the name of Walter Andrew Watson, it was said. This course will be taken because the defendant told the officers, they said, that he did not know his true name, but was most frequently known as Watson; because the marriage with Nina Lee Delony, which preceded the alleged slaying, was solemnized under that name; and because it was the name most used by the man in Los Angeles county.

Watson's statement will be presented to him for his signature today. Watson, in his statement, said he believed he was a native of Tennessee, that he was raised in a death penalty, Doran announced.

JURY DISAGREES
ON TABOR GUILT

No Verdict Reached in Trial of Woman Who Is 80 Years Old.

WERE DIVIDED 8 TO 4

New Hearing Will Be Held in October—Accused of Slaying Her Daughter.

PAW PAW, Mich., April 30.—The jury in the case of Mrs. Sarah J. Tabor, 80 years old, Lawton, Mich., woman, charged with manslaughter in connection with the mysterious death of her daughter, Maude Tabor, reported a disagreement tonight and was discharged by Judge Howard West. The case goes over to the next circuit court term which opens the middle of May, but it was indicated a postponement to October probably would be sought.

The jurors have been considering the evidence nearly 38 hours. It was understood they were divided eight to four for conviction. The aged defendant was not brought into court. Her bond of \$2,000 was continued.

The trial was the outgrowth of a mystery that dated back nearly five years to the disappearance at Lawton of Maude Tabor, Virgo, brilliant student of literature, graduate of the university of Michigan and well known as a school teacher, both in Michigan and several western states.

It was generally understood among townspeople that she had died in the west and been buried at Colorado Springs. The incident was all but forgotten when the body of the former school teacher was discovered last November near a highway in the basement of the Tabor home, Jackknifed into an old trunk and covered with shingles.

The subsequent investigation led to the arrest of the aged mother and her son, Walter Tabor, in California. Joseph C. Virgo, who, it later developed, had been secretly married to Maude Tabor, was also arrested. Charges of murder were lodged against the three but were later dismissed and Mrs. Tabor alone was placed on trial on a charge of manslaughter.

The jury was divided 8 to 4 in favor of conviction. The jury was discharged tonight and the case was set for a new hearing in October.

Officials Get "Tip"
That State Capitol
to Be Blown Up

THROW OUT CORDONS

Precautions Taken to Protect All Public Buildings at Hartford.

MANY CITIES PREPARE

New York and Chicago on Watch Against May Day Demonstrations Today.

AGENTS READY TO ACT

Washington Does Not Expect Violence But Measures Are Taken.

HARTFORD, Conn., May 1.—Col. Charles Z. Burpee of the first state guard regiment here at 1:10 a. m. this morning called his staff out.

It was given out officially by Colonel Burpee that the call was sent to all officers and men of the state guard as the result of a telephone tip that the capitol building, the state armory and the East Hartford bridge would be blown up before dawn.

Colonel Burpee immediately summoned Capt. Arthur C. Woodward and hundreds of telephone calls for members of the state guard were put in. Inside of half an hour about 75 men had responded, and they were thrown about the capitol and the armory and a detail was on the way to the bridge. From all points in the city additional guardsmen were hurrying to the scene.

Guardmen were also sent to the municipal building and the power plant of the Hartford Electric Light company.

All the available police in the city were called to duty and they joined with the guardsmen in the protection of property.

WASHINGTON, April 30.—After checking over their reports from all parts of the country, government officials expressed confidence tonight that threatened May day demonstrations by radicals would not result in any nation-wide attempt at violence.

While taking that view of the situation, the department of justice recently active in locating pay agents everywhere that if the radical elements were to be kept under control every law enforcing agency, state and federal, must be awake and equal to the dangers, real and fancied.

Assistant Attorney General Garvan, who directed raids on communists in January, declared as he went home for the night, that late reports indicated that whatever violence might occur would be sporadic.

Prepare Demonstrations. Most of the reports showed that the radicals were preparing gigantic propaganda demonstrations. Meetings were being held in many places, and it is at these that the radical elements were to be kept under control.

The department, he said, would also be watching for any signs of violence. He said that the radicals would observe the tenor of agitation. Agents have been instructed "not to incite or excite trouble in any such assembly."

It was disclosed by Mr. Garvan that several members of congress, three federal judges and an attorney recently active in locating pay agents for the communists, had been indicted for assassination. With the early discovery of the plots, however, Mr. Garvan believed the officials against whose lives the plots were directed now are amply protected.

Appeals of the communist labor leaders for May day strikes appear not to have met with a kindly reception, although there were threats of strikes in some sections. Thousands of workers may lay down their tools tomorrow, but Mr. Garvan believed this would be more in the nature of a holiday than with a malicious intent to cause a great interruption to industry.

Movement Well Financed. Mr. Garvan called attention to the apparent unlimited amount of money employed by the communist labor party in fomenting disorders, declaring that in history, had a radical movement been so plentifully financed.

NAMED ON COMMERCE BOARD

James Duncan, Labor Leader, and Professor Ford Are Chosen.

WASHINGTON, April 30.—Two new interstate commerce commissioners were nominated today by President Wilson. A third has been selected and his name will be sent to the senate as soon as he consents to serve.

James Jones Ford, professor of politics at Princeton university and James Duncan of Quincy, Mass., a vice president of the American Federation of Labor, were the commissioners named today.
